

The South Suburban Basketball Association was established in 1969. It is a non-profit organization that promotes fairness and discipline in the field of basketball for our youth, ranging from the age of 6 through 14 years of age. The association relies heavily on outside sponsors and internal fundraisers to support the leagues existence. Entry fees, fundraisers and sponsors assist the league in purchasing uniforms, balls, goals, trophies, rental of gyms and payment to referees and score-keepers. South Suburban's primary concern is to aid our youth in the development of mind and body, alleviate juvenile delinquency and build a strong family structure. Education is the key to success in every endeavor, and SSBA is confident that exercising the body triggers the exercising of the mind, thus producing better citizens now and for the future. Education is a key component for our long standing league. As a result, participants have had the opportunity to further their education through basketball. SSBA would like to thank all volunteers, sponsors and especially the Hickman Mills School district.
